

Print IQ Singapore Pte Ltd

Document Services

Document Services

Print-IQ Document Services provides print and copying services in high volume, high quality black and white and colour printing and copying on a wide range of paper stock.

Print-IQ understand the unique requirements of sensitive and confidential documents, where security is key. We incorporate these important features and ensure accuracy and quality throughout document reproduction.

From book binding to folder printing and collating, our finishing services deliver a broad range of professional finishing options for large volume print runs. We can also supply consumables, from stationery and paper stock to printer toner.

Solution Features and Benefits

Print-IQ Document Services solution provides end-to-end production management and consulting to meet all your printing, copying and document needs. We offer competitive Service Level Agreements (SLAs), along with optimization of the process to help reduce waste.
